

**HEALERS WHO SHARE  
SUMMER SEMINARS  
2012**

<b>LEVEL II</b>	<b>JUNE 09-11</b>
<b>LEVEL III</b>	<b>JUNE 14-17</b>
<b>LEVEL IV</b>	<b>JUNE 22-24</b>

We teach the use of quantum formulas along with natural remedies, like those of Hanna Kroeger's. Using miasmically-based formulas and quantum formulas, results for a lifetime are achieved in areas thought to be incurable. With over 3,500 remedies, the span of healing is wider than most imagine.

The Specialized Skills Level has been folded into the HWS Dowsing DVD and is the self taught Level I (available for \$29 + S&H through Healers Who Share). Level II Fundamentals are needed to understand the Level III Practitioners course. Level III and some experience are needed to understand Level IV (where we reveal the deepest discoveries).

We are already excited about the 4<sup>th</sup> level because of current discoveries making their way through the proving status.

Class times are 9-11:45AM, 1:30-6. Levels II & III are in the HWS Headquarters. Level IV seminars are at the Marriott Courtyard, Louisville.

Personal appointments are possible on June 13 or June 21 by calling the office. The times often fill by March.

**WHERE**

For Levels II & III there is a list of close hotels for the seminars held at the headquarters. For Level IV discounted prices are available at Marriott Courtyard, 948 West Dillon Rd, Louisville, CO (303) 604-0007. Until 30 days before the seminar, prices are \$89.00 + \$9.87 taxes = \$98.87. All rooms are doubles. Rooms have refrigerators, coffee makers, internet access, etc. Continental breakfast is available at extra charge. There are "quick links" on the HWS website under Education Information/2012 Summer Seminars for making reservations on line.

Level II and III will be held at the Healers Who Share headquarters. We begin promptly at 9AM in behalf of those who will join us by the web. People arriving late for the seminar will wait until the first break so that the recording is not interrupted.

There are multiple places in the area for lunch and dinner. Level IV seminars are at the Marriott Courtyard, Louisville.

Super Shuttle Boulder is arranged at the airport – currently \$31 one way/\$59 roundtrip (303) 227-0000.

Healers Who Share course prices are shown on the registration form. **WARNING- TO HOLD PRICES DOWN SEATING IS LIMITED.** Our registration closes 21 days before the starting date or earlier if we run out of room.

# HEALERS WHO SHARE SUMMER SEMINAR OUTLINE 2012

Level II Fundamentals June 09-11  
Level III Practitioners June 14-17  
Level IV Advanced June 22-24

The previous level is needed to understand the succeeding level.

## LEVEL I

The Healers Who Share Dowsing DVD is available for \$29. Dowsing is one of the best ways to accessing remedies.

## LEVEL II FUNDAMENTALS

Emphasis is placed on the cause and cure of: (1) The 7 most common intestinal diseases in the world and their lifetime cure (2) the largest cause of immune loss in the world and its cure (3) the Tuberculosis Epidemic (4) emotional solutions easier than you ever imagined and (5) how these basic diseases form the base of other diseases. These subjects form the foundation of our quantum formula success.

The theory, practice, combinations and employment of miasms interweaves into the fundamental formulas. These remedies are distinguished from others by the ability to remove chronic diseases for a lifetime without taking remedies for a lifetime. Specific protocols for many chronic diseases are included.

The use of quantum formulas for parasites, chemical pollutions, contrails, metals, bacteria, fungi and viruses will be interwoven. Teachings of Hanna Kroeger and others are intertwined throughout the course.

The aim in this basic course is how to help your own health.

## LEVEL III PRACTITIONERS

Every year the amount of material has grown. Therefore Level III is 4 days because of the volume of material to cover. In this course we emphasize how to help others.

Expanding on the basic includes how to use the remedies for specific problems and diseases, including the most serious diseases facing our society. Symptoms are translated to causes and psychological symbolism so that you work on the whole person.

Where to start with a program and how to design programs for progressive healing are essentials for helping people heal themselves. How to be a practitioner within the law.

How to work by mail using the saliva samples provides many insights on how to be exact in your work. Personal interview will be used to demonstrate our approach.

When you finish, you will be able to help people with the solutions for Diabetes and a host of blood sugar problems and diseases, AIDS, Genital and Oral Herpes, Skin Diseases such as Shingles, Melanomas, Basal Cell, Squamous Cell and other forms of skin cancer, tumors in every location, Lyme and other tick diseases, allergies, Asthma, Emphysema, chemtrails, male and female problems, including PMS, depression, Autism, Asperger's, ADHD, Alzheimer's, Radiation, Bubonic Plague (which has come back) and more emerging issues that often wind up on the docket as the year progresses.

This year we aim to add some review of actual cases to bring the material from theory to reality.

We will also answer as many specific questions as we can include.

## LEVEL IV ADVANCED

This year we are changing our format substantially. We will present each attendee with a CD containing all the course material so that you don't have a hernia book to carry home. The changes from 2011-2012 will be incorporated in the CD material. We will also print out in compilation format the shortened version of what has been discovered in the year before the seminar. So far we will be discussing the breakthroughs in the field of Dystonia, Strep A as it pertains to cellulite, vaginal infections and long-term liver infections, weight, thyroid, stomach cancers and muscles. Obviously we can't tell in advance all the new remedies that will be discovered. Usually there's more that comes after we write this description.

If you have a laptop, this would be the best year to bring it. The material covered over 300 pages last year plus another 400 pages of User Guides and tools to help you in our process of healing. The CD will allow you to peruse the material in electronic form before you print it at home.

We will also be covering in depth material on blood and skin. We'll relate other diseases to signs on the skin and conditions of the blood. We've never taken the seminar time to do such a comprehensive overview of subjects before. We are gathering color pictures for projection that we've never been able to use before.

Level IV is Friday through Sunday. We usually build up to the most interesting discoveries by Sunday evening so we don't advise leaving early. This year may be different, but don't bet on it.
